

## **Community Meeting on the Future of Saturna's Medical Clinic**

Mark Saturday, October 7, 2017 in your calendars for an important discussion on the future of Saturna's Medical Clinic.

We, the Sustainable Health Funding Committee, hope that most Saturna residents and property owners have read and thought about the Fact Sheets on health funding released earlier this summer. (If you haven't seen the Fact Sheets, please contact us at [sustainablehealthfunding@gmail.com](mailto:sustainablehealthfunding@gmail.com).)

The discussion at the meeting will focus on:

- Possible alternative funding sources for the Medical Clinic/health services and the advantages and disadvantages of each
- A proposed Medical Clinic budget and what it would mean in terms of additional taxes should a tax levy be deemed the most effective funding option
- Procedural information about a possible referendum (which would be required to implement a tax levy)
- Questions and concerns raised since the Fact Sheets were released.

We urge you to attend and participate in this important community discussion.
